

PRO-TILL

Degelman

ENGINEERED TOUGH

The Original High Speed High Performance Disc

This is Pro-Till by Degelman. The fastest and most versatile piece of tillage equipment you will ever own, Pro-Till shreds heavy fall residue, opens up spring fields, levels ruts, destroys clods and produces an absolutely perfect seed bed. Pro-Till is High Speed, High Performance Tillage.

The Pro-Till shreds residue at speeds over 10 mph, up to three times the speed of traditional cultivators, while ensuring uniform distribution of residue to eliminate problems such as uneven and delayed emergence, hair pinning, erosion and seeder/planter plugging.
