

MANURE SPREADER

Degelman

ENGINEERED TOUGH

High Performance
Manure Spreaders, built
to withstand rocks.

When the job is dirty and the loads are heavy, you need a machine that won't quit. The Degelman line of Manure Spreaders is built to take whatever you throw at them—or through them.

From daily chores to heavy-duty hauling, The Bio Spreader and M-Series line of spreaders are designed for unmatched durability and performance in the field. Whether you're running a mid-size farm or a full-scale operation, Degelman delivers.

Available in 14, 20, 28, and 34-ton models.

Built heavy. Built smart. Engineered Tough
